Toy Report:

All it will take is one toy per month from all members to make a substantial gift for Christmas. We have 100 toys so far, and Jan (bill's wife) contributed scarves for the girls.

PLEASE consider spending some time this year in order to give something back to the community, bring a smile to a child's face, and spread some much needed joy in the world.

Old Business:

The club needs a program director. We need people and ideas for our monthly programs. So pretty please step up and volunteer.

New Business:

Bill Powell made contact with Dave James at advantage lumber. So this month we took a trip to advantage lumber's open house and plant tour at the invitation of the Sarasota wood turners club.

Several of the club members were in attendance. They were Bill Powell, Bruce Woody, Ruth East, Terry Sanchez, and Guest, Jason, John Jardin, and Guest.

They had a swap meet for woodworking tools and had lots of good stuff. We were served hot dogs and cookies and soda pop after the tour of the facility a good time was had by all. Except Pres. Bill Powell who had a flat tire on the way home.

Terri Sanchez is back! Thank God turning doesn't require lifting over 5 lbs. Art suggests visiting the rjcutler.com for exquisite pictures of turnings.

For veterans: register online to get a 10% discount on purchases at Lowe's. They will no longer be accepting VA cards.

There is a drafting program called "solid works" only \$20 for veterans. (It's a \$6,000 program)

Buy Sell or Trade:

Rick Ward still has raised panel doors of various sizes.

Send Bill Dixon an email describing what you want to sell and pictures if possible.

Refreshments:

Snacks were provided by John Sheldon. However he was sick and Bill Dixon handled the job for John
Thanks Bill

For the June meeting we are going to have a presentation on sandpaper.

Show and Tell

Stacey Rhody --Mercedes
symbol out of sapelle

Frank McMullen—knife-set-in-a-box, chef's knife, mayonnaise spreader (wow, guy must love the stuff), and four steak knives in a box that attempts to mimic the sunset reflecting off of the water. He plans on using the pattern on anything that remains inert enough for him to apply it.

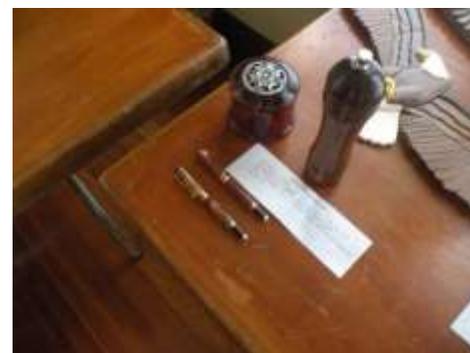

A knife with "Scott" on it, which unfortunately won't go to the intended "Scot" because he only has one "T" in his name. Fortunately, there is another lucky "Scott" who, unknowingly, Frank is going to bless by gifting him the knife.

Bryce Moseley—Cigar ash tray with initials carved into it a bowl, and an engraved sign that he masterfully "fixed" after engraving a comma in the name that did not belong. Woods used include white oak, maple, and bamboo

Bruce Woody—pens: cast and acrylics, Bethlehem olive wood

Rick Ward—walnut peppermill, cedar jewelry box, and two rollerball pens, one out of spalted Cuban mahogany and the other from tamarind

Dave Harrison—two intarsia eagles and a dragonfly out of walnut, aspen, and maple

Art Falcone— turned bowl/platter out of maple; he got idea on you tube from something called “cosmic cloud” made with iridescent paint. He made a handle for a turning tool.

Bill Reasoner— doll house from pine donated at the last meeting; prototype library chair out of pine. (It transforms from a chair to a stepladder) He is going to make another out of cherry. He also made several toys out of pine.

John Sheldon—knife handle out of zebra wood

Frank showed it because John was absent
