Old Business

The Holiday Party is back at Golden Corral –December 13, 6:30 PM. Golden Corral is at the corner of Providence and Lumsden.

Don't forget the "Chinese Gift Exchange". Bring two gifts, get two gifts! 😊

New Business

Bruce handed out Gorilla Glue and mentioned that Gorilla Glue was sponsoring a contest. Projects using Gorilla Glue can be submitted on-line.

Fair Report

Art reminded everyone that the deadline for submitting Fair entries is December 15th...and “it’s never too late to begin your project!”

Refreshments

John Shelton, again, provided a great selection of goodies including homemade banana bread and cookies for the break – thanks, again, John! (And Jewel).

Program

Bill Brocksmith gave us a very interesting program on various screw guns, nailers and other powered equipment from the production manufacturing world. All much more robust and powerful than those used by the typical home shop woodworker. I never even knew most of what he showed us existed!

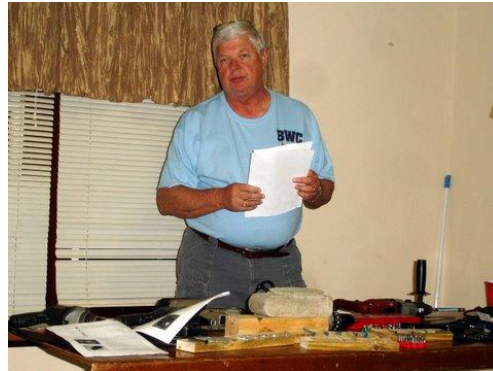

December’s program is, of course, the Holliday Party! In January, Brady has agreed to demonstrate and give us a little lesson on Google SketchUp! I’m ready!!

Bill’s Presentation

Bill went over the differences and advantages of various styles of screw guns and drill/drivers

This is Bill’s favorite power screw driver – it is a production model often used in the appliance industry and doesn’t turn until it is pressed down.

A more powerful pneumatic hammer drill.

Show and Tell

We had **six** participants in Show and Tell.

Show-N-Tell Pictures

Lloyd made the most toys and used one of his tried and true patterns – his old Ford motor car!
